

Strategic Vision for Peace and Institutional Report — 2025

Overview:

This foundational report outlines the mission, strategic pillars, and long-term research priorities of the Bridge Institute for Afghanistan (BIA). As a non-profit, independent, research-driven institution, BIA aims to advance knowledge, promote dialogue, and foster sustainable peace across Afghanistan.

Strategic Pillars:

1. Research & Knowledge Production:

Evidence-based research to address political, social, and economic challenges.

2. Dialogue & Peacebuilding:

Facilitating open and inclusive conversations among Afghan communities, leaders, and experts.

3. Policy Analysis & Recommendations:

Providing decision-makers with credible, non-partisan insights.

4. International Partnership & Cooperation:

Building bridges between Afghan experts and global institutions.

Vision:

A peaceful, stable, and knowledge-driven Afghanistan where dialogue and understanding shape national progress.

Mission:

To serve as a non-political platform for research, strategic thinking, and collaborative engagement aimed at addressing Afghanistan's most pressing challenges.

Long-Term Objectives:

- Establishing an international research network
- Conducting annual peace and policy forums
- Producing high-quality policy briefs and reports
- Supporting youth leadership and research in Afghanistan
- Becoming a credible voice in regional policy dialogues
